Training/Education

Materials are provided to support energy code training activities in states and local jurisdictions.

[Recorded Webcasts](#)

[Self-Paced Training](#)

[Presentations](#)

[Events Calendar](#)

Identify and submit buildings-related conferences or workshops, national energy code training and state energy code training conducted across the nation.

[Energy Codes Glossary](#)

Terms and acronyms that are used throughout the US DOE Building Energy Codes Program website, tools and materials.

[Annual Training/Conference](#)

DOE hosts an annual event on State Building Energy Codes. The goal is to provide a forum for stakeholders to share and enhance their knowledge about energy codes and above-code related topics.

Webcasts

- Pros
 - Reach a larger audience
 - Lower cost per student
 - Travel/availability
- Cons
 - Rely on service provider
 - Technical issues
 - Not great for “Hands-on” activities

Webcasts - Things to Consider

- Date/Time of Event
- Material Preparation
- Announcement
- Registration
- Issues Prior to Event
- Issues During Event
- Follow-Up

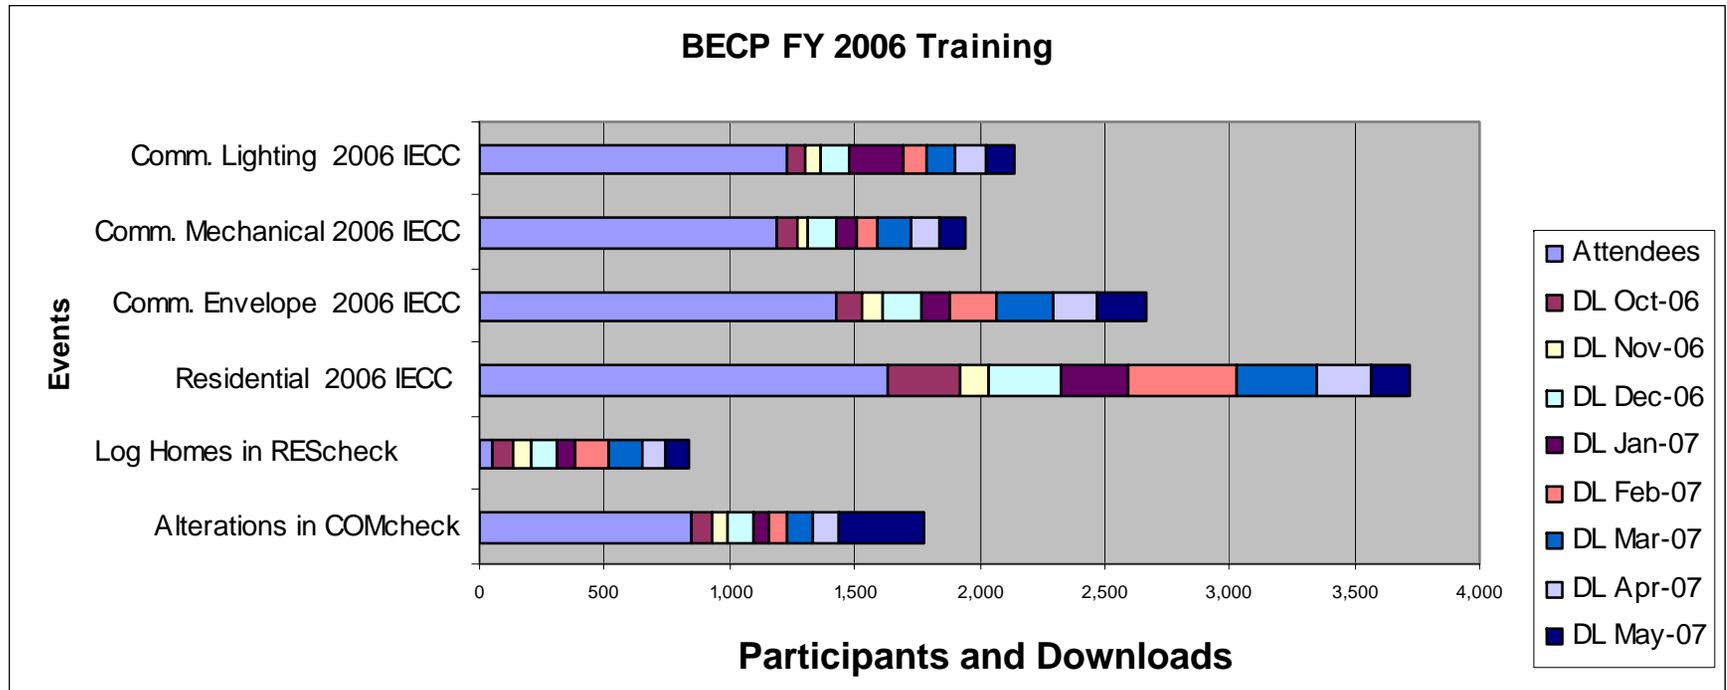

Webcast Attendance is Increasing

Fiscal Year	# of Webcasts	Total Attendance	Average Attendance
2005	4	1399	350
2006	9	6550	728
2007	6	7612	1269

...Online Videos

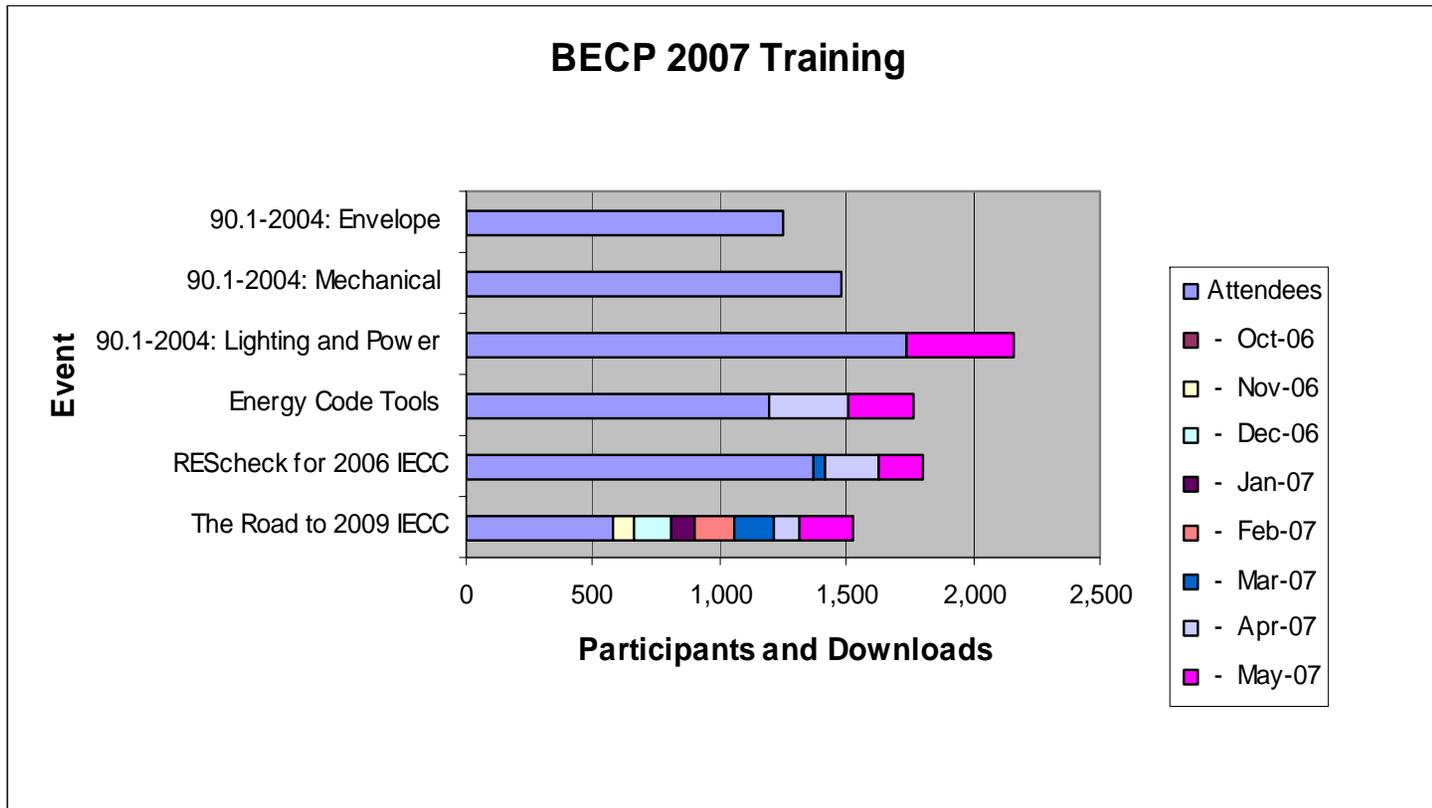

- Schedules/availability
- Refresher
- Own pace (rewind, etc.)

“Live” Attendance + Downloads – FY 2006

6550 attendees + 6720 downloads = total attendance of over 13,000

“Live” Attendance + Downloads – FY 2007

7612 attendees + 2378 downloads = total attendance of almost 10,000 (through May)

Self-Paced – Currently Available

- Codes 101
- RES*check* 101
- COM*check* 101
- Area Takeoffs 101

Self-Paced – Coming Soon

- REScheck 101 for the 2006 IECC
- COMcheck 101 for the 2006 IECC
- REScheck 201
- COMcheck 201
