

PMC-BT/TVMI Zones

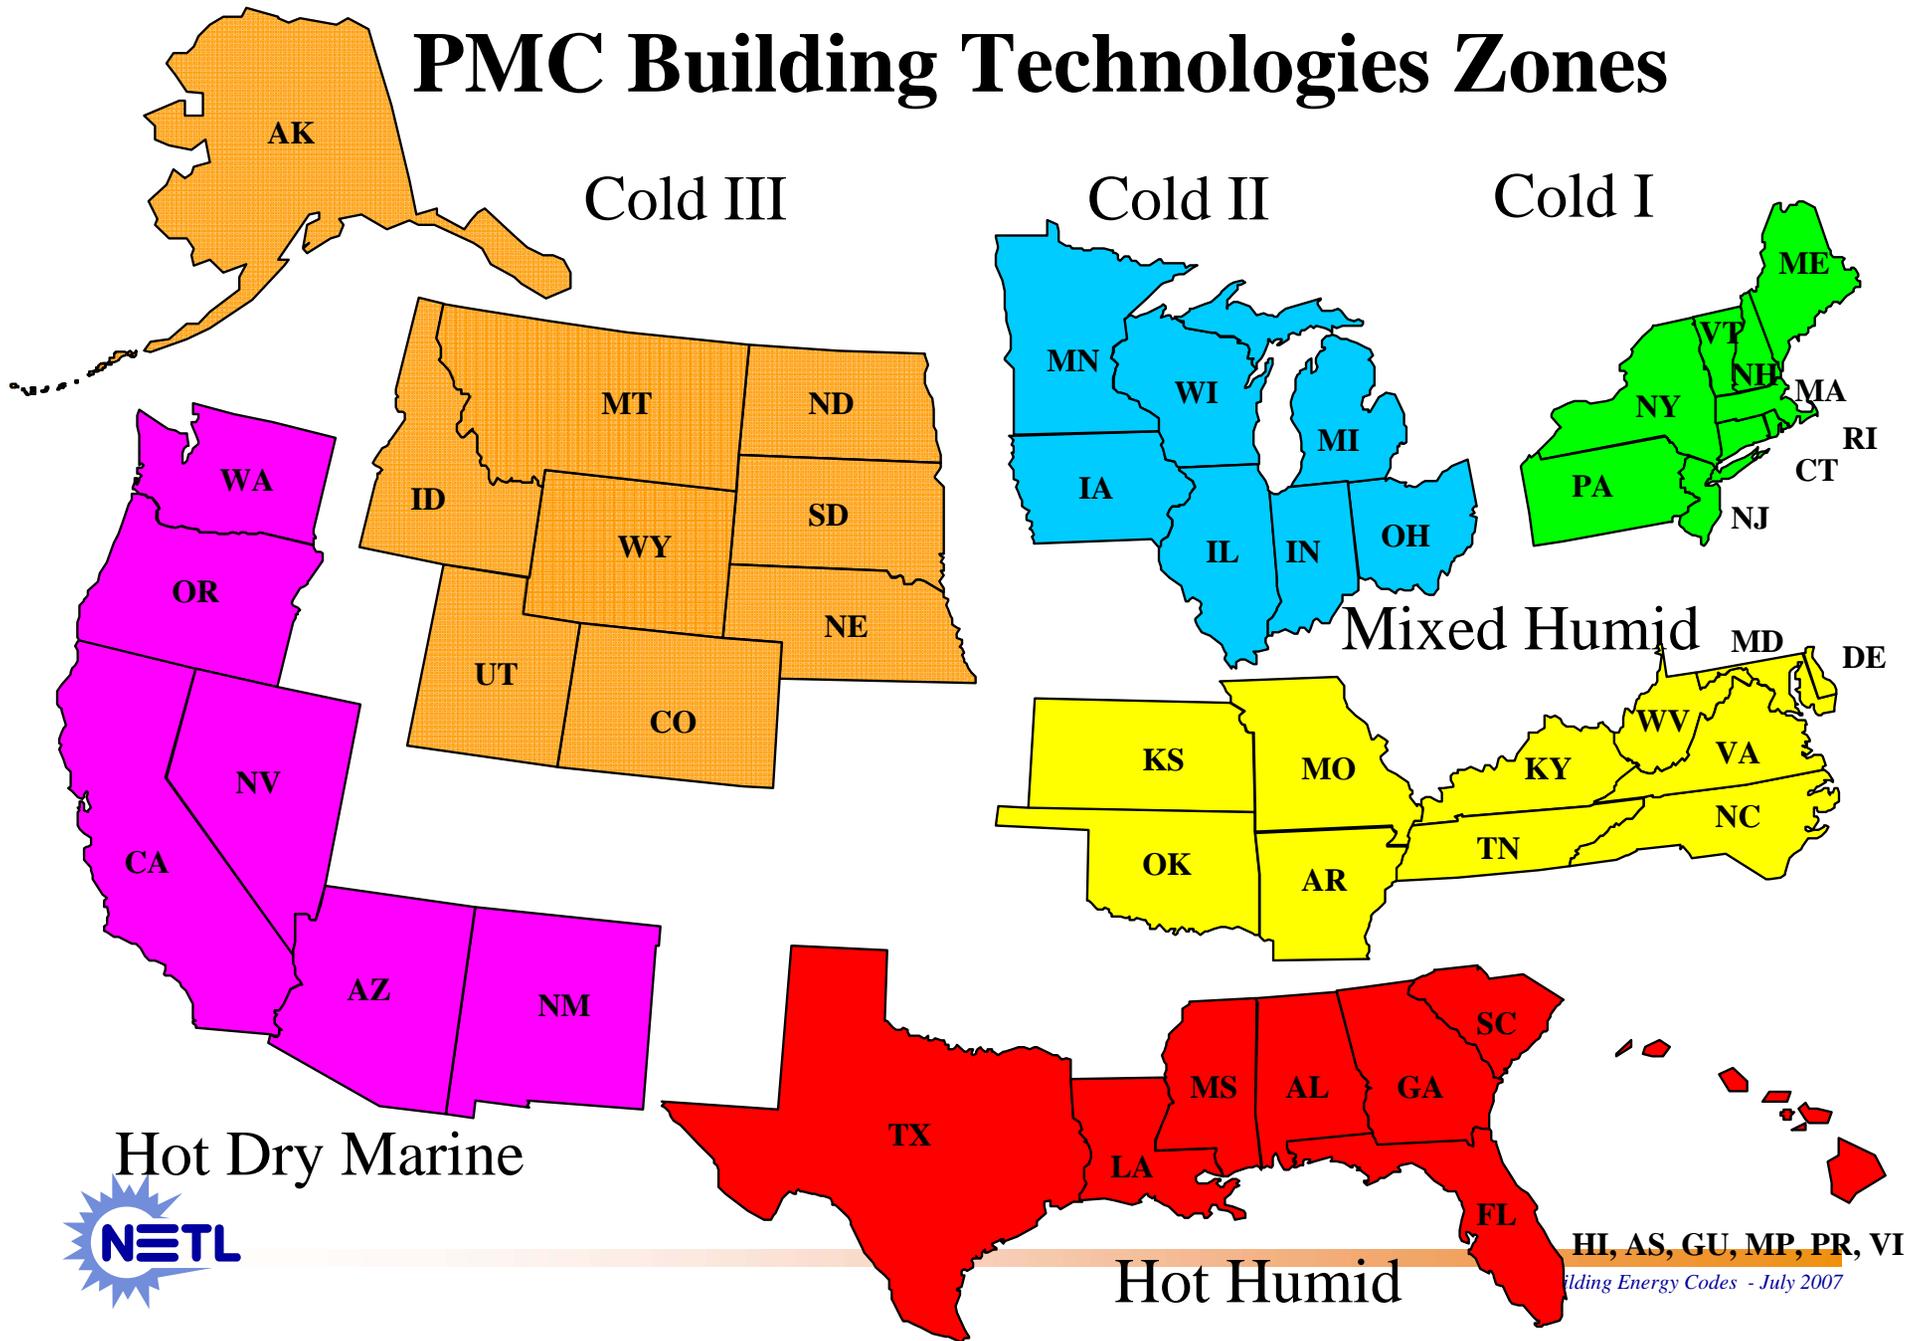

- New zones created to better manage the workload and provide better service to the States and Territories
- New zones, for DOE assignments*, based on:
 - Climate
 - Location of Energy Efficiency Partners & Building Allies
 - Population & Housing Growth
 - Balance PMC Market Transformation Workload

* The PMC-BT Zones were created to assign workload to PMC-TVMI staff, States are not precluded in any way from working with States from other Zones.

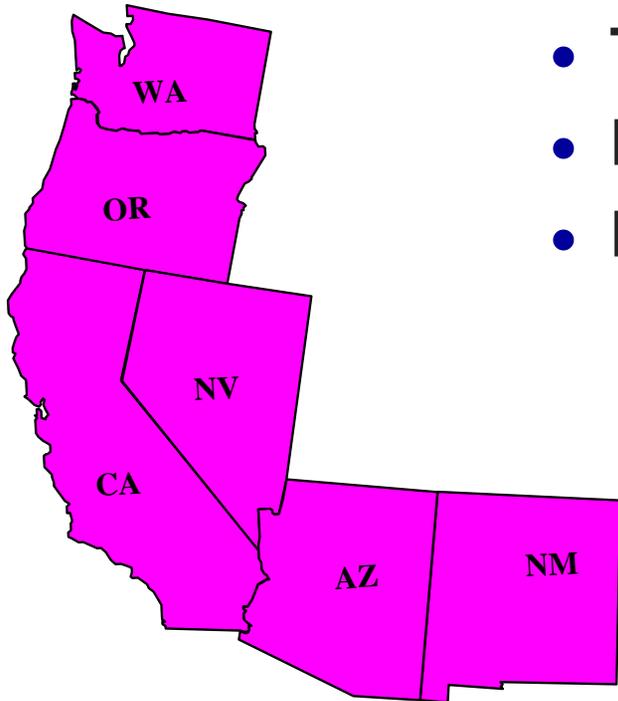

PMC Building Technologies Zones

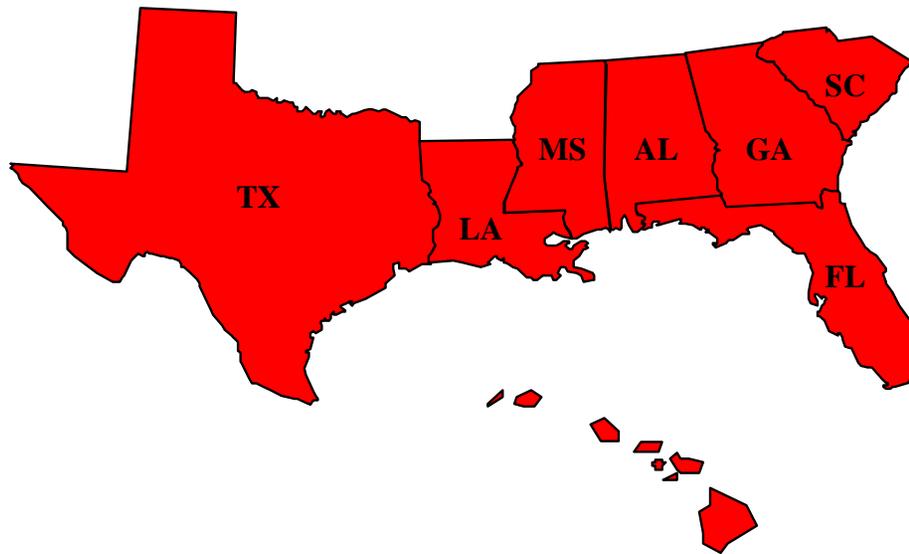

Hot-Dry Marine

- **States: WA, OR, CA, NV, AZ, NM**
- **Territories: None**
- **Population: 56.3M**
- **Projects: 28**

Hot Humid

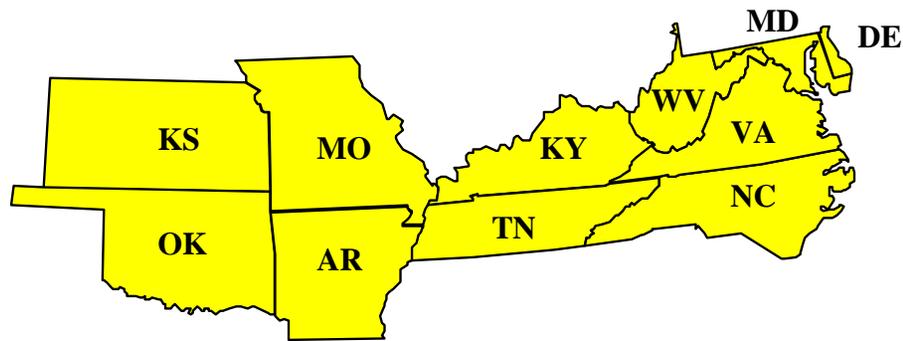

HI, AS, GU, MP, PR, VI

- **States:** AL, FL, GA, HI, LA, MS, SC, TX
- **Territories:** American Samoa, Guam, Northern Mariana Islands, Puerto Rico, US Virgin Islands
- **Population:** 71.6M
- **Projects:** 39

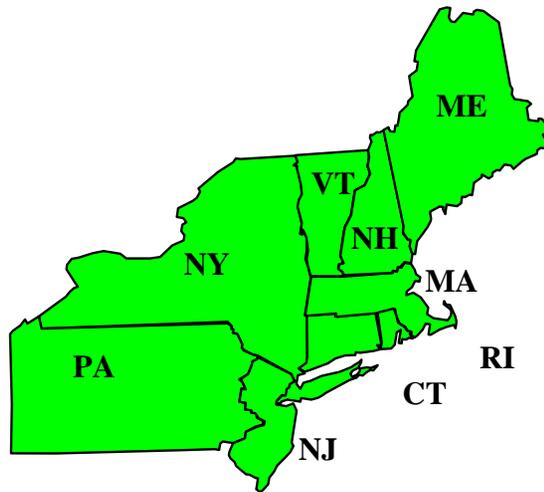

Mixed Humid

- **States:** AR, DC, DE, KS, KY, MD, MO, NC, OK, TN, VA, WV
- **Territories:** None
- **Population:** 50.1M
- **Projects:** 45

Cold I

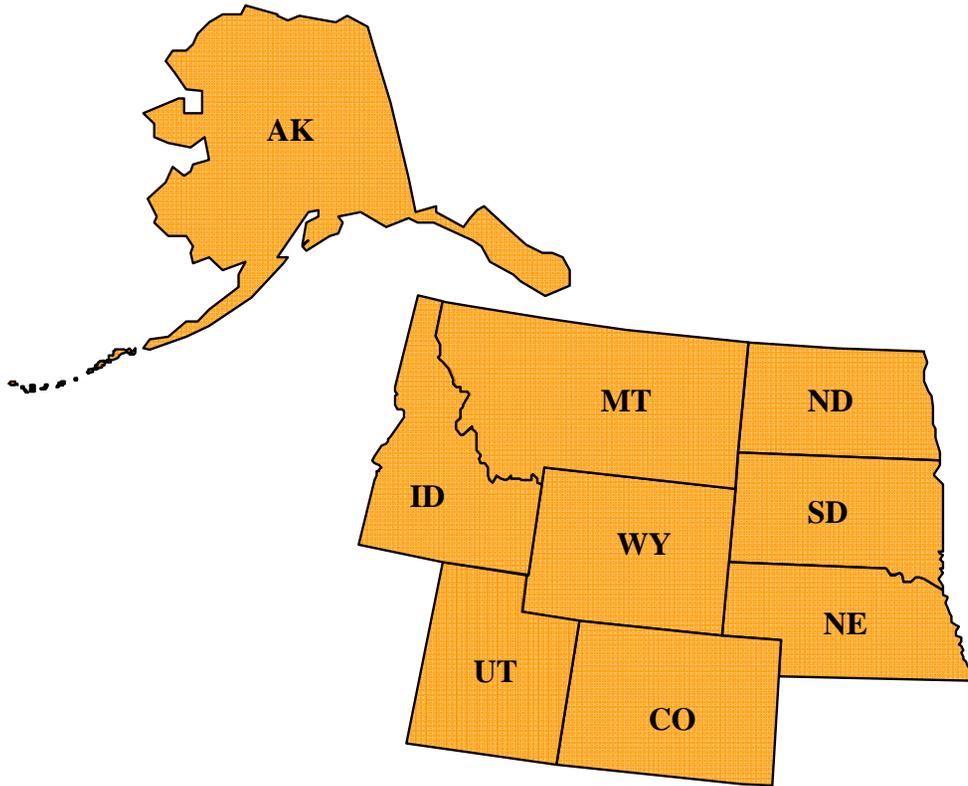

- **States: CT, MA, ME, NH, NJ, NY, PA, RI, VT**
- **Territories: None**
- **Population: 54.6M**
- **Projects: 48**

Cold II

- **States: IA, IL, IN, MI, MN, OH, WI**
- **Territories: None**
- **Population: 54.3M**
- **Projects: 34**

Cold III

- **States: AK, CO, ID, MT, ND, NE, SD, UT, WY**
- **Territories: None**
- **Population: 13.8M**
- **Projects: 29**
