RE: Certification Statement of 2009 IECC and ASHRAE Standard 90.1-2007

Dear Dr. Hogan:

In compliance with Title III of the Energy Conservation and Production Act of 1976, as amended, this is to certify that the State of Delaware has adopted the International Energy Conservation Code (IECC) for low-rise residential buildings, along with the ASHRAE 90.1 2007 for commercial buildings and all other residential buildings not covered under the IECC 2009. Enclosed please find a copy of Delaware's Energy Conservation Code Act (16 Del. C. § 7602), effective January 1, 2010, which adopted the IECC 2009 and ASHRAE 90.1 2007 Standard as Delaware's Code for Energy Conservation.

If anything further is required as evidence of Delaware's compliance with the requirement of the Title III of the Energy Conservation and Production Act of 1976, as amended, please advise Robert Underwood, Administrator, Division of Energy & Climate, at (302)735-3480.

Sincerely,

Collin P. O'Mara  
Secretary
